

## BS/MS Application Instructions

1. Identify faculty mentor and discuss BS/MS enrollment.
2. Complete the **BS/MS Plan of Study**, listing all upper-level EE and CE technical electives and graduate core courses (indicating those that will double-count). Obtain signature approval from the undergraduate advisor (email to [eceadvise@umd.edu](mailto:eceadvise@umd.edu)). The undergraduate office should approve any graduate courses (not pre-approved) the student plans to take to fulfill undergraduate requirements.
3. Have your faculty mentor review the Plan of Study. Ask your faculty mentor to complete and sign the **BS/MS Mentor Form**.
4. Make an appointment with Souad Nejjar, Program Manager of Graduate Studies, to submit your complete application and discuss the graduate program.
5. Once you are admitted to the BS/MS program, please complete the Graduate School's **Combined Bachelor's/Master's Degree Form** before taking the courses that you would like to be double-counted. This form requires signature approval of the undergraduate advisor and graduate director.
6. Each semester you intend to enroll in a graduate level course, complete the **Permission to Take Graduate Course for Undergraduate Credit Online Form**.
7. Students must also formally apply to the Graduate School for admission to the ECE graduate program. Students must follow all departmental and Graduate School deadlines and requirements for graduate admission. Graduate admission details may be found on the ECE website: <http://www.ece.umd.edu/grad/admissions>
