

General Technical Elective/Category F Courses

Below is a list of GTE/Cat. F courses that ECE students typically have the prerequisites for and are able to take. This is not a complete list of available courses and students should review the requirements on our website to see all available options. For courses that require a permission stamp, you must contact that department directly to request permission. You can find Engineering major contact information at <http://eng.umd.edu/advising/dept-contacts>.
